UNIVERSITY OF WISCONSIN-MADISON

# 2019 Wisconsin Regional Waterhemp Workshops

These workshops are designed for farmers and crop advisors with little waterhemp experience (**Waterhemp 101**). Topics include 1) pigweed identification, 2) waterhemp biology, ecology, dispersal and resistance evolution and 3) herbicide selection and integrated strategies for waterhemp management in alfalfa, corn and soybean.

Presenters include UW-Madison Extension Weed Scientists Drs. Rodrigo Werle and Mark Renz, UW-NPM Outreach Specialists Dan Smith and Richard Proost, and WiscWeeds Lab Members Dr. Maxwell Oliveira, Ryan DeWerff and Sarah Striegel.

Participants should RSVP with the local contact **by March 14** (limited to 50 participants per location on a first-come, first-served basis). For general questions related to the workshop, contact Dr. Rodrigo Werle at **608-262-7130** or **rwerle@wisc.edu**

**Free event with  
3 CEUs (PM) available!**

*Thanks to our  
sponsors, meals  
and educational  
materials will be  
provided for FREE!*
